## Welcome to Plone

### Congratulations! You have successfully installed Plone.

If you're seeing this instead of the web site you were expecting, the owner of this web site has just installed Plone. Do not contact the Plone Team or the Plone mailing lists about this.

The first thing you should do is to set up your site by visiting the [Site Setup](#) area. Become familiar with Plone by getting one of the [Plone books](#), and make sure you look at the available [add-on products](#) and [online documentation](#).

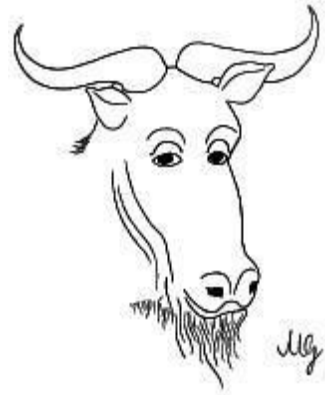

### Quick Start

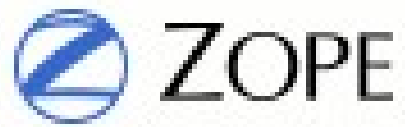

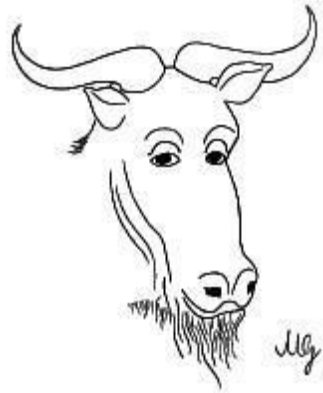

Some useful hints if you are new to Plone:

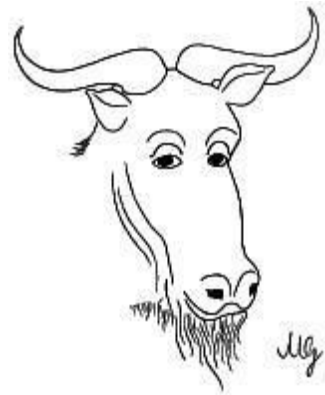

- Access key + 4 focuses the LiveSearch field - you can start writing your search terms straight away, and have all your information at your fingertips without leaving the keyboard. For information about how to use access keys in your particular browser, see the [Accessibility page](#).
- Plone will automatically be displayed in the language your browser asks for. If you need more control over languages in Plone, install Plone Language Tool from the [Site Setup](#). If you need to maintain your content in multiple languages, download [LinguaPlone](#).
- Workflow states are color coded if you are logged in, so it is easy to keep track of content security and visibility. Try the Site Map with color coding for a visual security inspection of your site!

### «Control Arms»-Kampagne

#### Verbindliches Abkommen zur Waffenkontrolle gefordert

Stoppt die Waffengewalt: Aktion an einem «Control Arms»-Konzert in Belgien © AI

153 Staaten haben am 6. Dezember 2006 der Schaffung eines internationalen Abkommens zur Kontrolle des Waffenhandels zugestimmt. Diesen Worten müssen jetzt Taten folgen. Denn nur klare und verbindliche Regeln verhindern die Waffengewalt, der täglich mehr als tausend Menschen zum Opfer fallen. Unterstützen Sie die Petition von Amnesty International an den Bundesrat. [Mehr »](#)

### Uno-Menschenrechtssystem in Gefahr

An seiner nächsten Sitzung im Juni wird der Uno-Menschenrechtsrat in Genf über seine zukünftige Funktionsweise

entscheiden. Einige Staaten versuchen, das bestehende System zum Schutz der Menschenrechte auszuhöhlen. Unterzeichnen Sie die AI Online Petition zur Stärkung des weltweiten Menschenrechtsschutzes! [Mehr »](#)

## The Free Software Foundation

### Free software is a matter of liberty not price.

The Free Software Foundation (FSF), established in 1985, is dedicated to promoting computer users' rights to use, study, copy, modify, and redistribute computer programs. The FSF promotes the development and use of [free software](#), particularly the GNU operating system, used widely in its GNU/Linux variant.

- Read more about free software in our [essays](#) section and in the [philosophy section of gnu.org](#).

Here are the FSF's current projects.

### [GPLv3.fsf.org](#)

The first and [second drafts](#) of the revised GNU General Public License have been released for [comment](#). This project will bring together organizations, software developers, and software users from around the globe during 2006 and 2007 to update the world's most popular free software license.

### [GNU](#)

FSF remains the primary sponsor of the GNU Project. In addition to the services provided by Savannah for GNU projects, FSF provides development systems for GNU software maintainers, including full email and shell services. We are committed to furthering the development of the GNU Operating System and enabling volunteers to easily

### How You Can Help

-  [Volunteer](#)
-  [Make a donation](#)
-  [Become a member](#)
-  [Become a corporate patron](#)
-  [Buy books and t-shirts](#)

You can also help by working on the development and documentation of free software programs. Please see [our list of high priority projects](#) for information on how to contribute to important projects like:

## The Linux Foundation

The Linux Foundation is a nonprofit consortium dedicated to fostering the growth of Linux. The Linux Foundation promotes, protects and standardizes Linux by providing unified resources and services needed for open source to successfully compete with closed platforms.

[More on the Linux Foundation »](#)

## Announcements

- [Linux Foundation Expands Membership with Marvell, Nokia and VirtualLogix \(April 3, 2007\)](#)

- [Linux Foundation Releases New Carrier Grade Linux 4.0 Specification \(February 26, 2007\)](#)

[More Announcements »](#)

## Standardization & Collaboration

The Linux Foundation offers programs to promote standardization and technical collaboration. The Linux Standard Base delivers interoperability between applications and the Linux platform. The Linux Foundation hosts a number of technical workgroups and advisory councils that are solving key issues facing Linux including printing, accessibility, desktop interfaces and application packaging.

[More News »](#)

## Protection & Promotion

The Linux Foundation protects the future of Linux by employing key Linux developers like Linus Torvalds so they can maintain independence while working full time to improve Linux. The LF also offers legal protection services for developers to safeguard the future of Linux. For a neutral voice to counter the aggressive PR tactics of proprietary platforms, check out the Newsroom.

## Google

Google Earth combines satellite imagery, maps and the power of Google Search to put the world's geographic information at your fingertips.

Qt has enabled Google to bypass tedious application infrastructure development and focus on delivering a world-class innovative user interface. Thanks to the cross-platform nature of Qt, a Mac version of Google Earth was created with only a small fraction of the resources required for separate development teams.

**CLICK HERE TO VIEW MORE CUSTOMERS USING Qt** 

### PRODUCTS

Qt sets the standard for high-performance, cross-platform application development. It includes a C++ class library and tools for cross-platform development and internationalization.

- ◆ [In the Press](#)

#### Nokia and University of Cambridge to partner on research

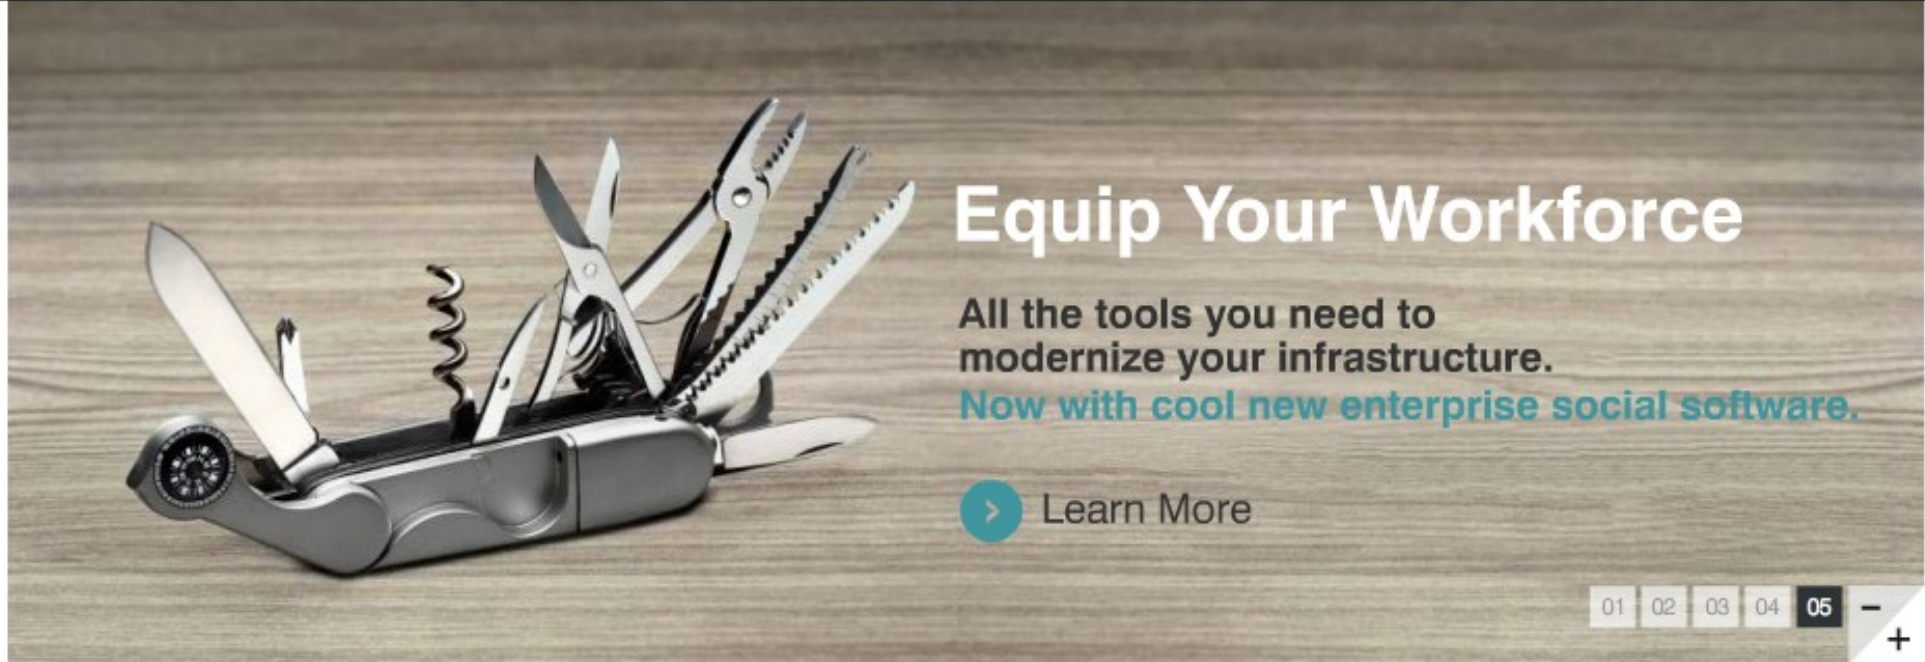

Nokia and the University of Cambridge, UK, today **announced an agreement to work together on an extensive and long term programme of joint research projects**. Nokia Research Center (NRC) will establish a research facility at the University's West Cambridge site and will collaborate with several departments - initially the Nanoscience Centre and Electrical Division of the Engineering Department - on projects that, to begin with, will be centred on nanotechnology.

#### New NRC Downloadable Application

NRC researchers have developed a new S60 downloadable application for you to try - **Wellness Diary**. It will enable you to easily take an active role in the daily and/or long-term management of your health. You will be able to monitor and track a range of everyday well-being parameters, including weight, eating habits, exercise, blood pressure and others. Because this health journal resides on a personal mobile S60 device, you will have privacy and ease of speedy use in everyday situations and the convenience of mobile data, readily available to be shared with a physician or a personal trainer.

And it is on something you probably already carry - your mobile phone. We invite you to **Download and Try Wellness Diary** - (latest version uploaded 30.01.07:17:04 Helsinki).

# Equip Your Workforce

All the tools you need to modernize your infrastructure.

Now with cool new enterprise social software.

## ★ Un acontecimiento histórico

Este año se conmemoró el 80º aniversario del nacimiento de Ernesto Che Guevara. Tanto su vida entregada a la militancia revolucionaria, como su imagen -ícono de multitudes en todo el mundo-, lo convirtieron en una de la figuras políticas y humanas más destacadas y difundidas de la historia del Siglo XX.

Rosario, su ciudad, la que lo vio nacer el 14 de junio de 1928, rindió homenaje al hombre comprometido, coherente y decidido, cuya trayectoria y pensamiento filosófico irradian a varias generaciones y, en muchos aspectos, es hoy ejemplo para las nuevas.

La Municipalidad de Rosario, el Gobierno de la provincia de Santa Fe, la Embajada de Cuba en Argentina y distintas organizaciones no gubernamentales -sociales y políticas- nucleados en la Multisectorial de Solidaridad con Cuba, organizó una serie de actividades para celebrar este histórico acontecimiento: el 80º aniversario del natalicio del Che Guevara.

## Orçamento destina R\$ 31,2 bi para Educação em 2008

Banco de Imagens

A Comissão de Orçamento aprovou relatório setorial do deputado Manoel Junior para as áreas de Educação, Cultura, Ciência e Tecnologia e Esporte. Total de recursos é de R\$ 39,6 bilhões, sendo R\$ 31,2 bi para o Ministério da Educação. Os 85 destaques apresentados ao texto-base serão analisados em reunião às 20 horas.

Portada > Ley fácil > Cómo votar

## Cómo votar

Publicado: 22 de agosto 2007

- ¿Qué documentos necesita para votar?
- ¿Puedo votar si perdí mi cédula de identidad?
- ¿Qué debo hacer si perdí mi cédula de identidad?
- ¿Puedo votar con el pasaporte?
- ¿Puedo votar sin mi tarjeta electoral?
- ¿Cómo sé en qué local me corresponde votar?
- ¿Cómo puedo informarme si soy vocal de mesa?
- ¿Qué función cumplen los vocales de mesa?
- ¿Qué debo hacer si fui designado vocal de mesa?
- ¿Puedo excusarme de ser vocal?
- ¿Qué debo hacer si fui designado vocal y vivo ahora en otra ciudad?
- ¿Estoy obligado a ser vocal de mesa si tengo más de 70 años?

### ¿Qué documentos necesita para votar?

Sólo su cédula nacional de identidad vigente.

### ¿Puedo votar si perdí mi cédula de identidad?

No, no es posible sufragar sin la cédula de identidad vigente. Tampoco sirve el comprobante de cédula de identidad en trámite que entrega el Registro Civil para este efecto.

### ¿Qué debo hacer si perdí mi cédula de identidad?

Como sin la cédula no podrá votar, deberá informar a la autoridad policial sobre su extravío y guardar la constancia que le entregarán para presentarla ante el Juez de Policía Local cuando se le cite por haber incurrido en la falta electoral de no sufragar.

### ¿Puedo votar con el pasaporte?

No, ya que el único documento válido es la cédula de identidad vigente. No existe otro documento que sirva para poder emitir su sufragio.

### ¿Puedo votar sin mi tarjeta electoral?

Sí, sólo debe mostrar la cédula de identidad vigente para poder votar. La tarjeta es útil para que lo ubiquen con mayor facilidad en el libro de registros de la mesa que le corresponde, pero no

## Welcome to Plone

### Congratulations! You have successfully installed Plone.

If you're seeing this instead of the web site you were expecting, the owner of this web site has just installed Plone. Do not contact the Plone Team or the Plone mailing lists about this.

The first thing you should do is to set up your site by visiting the [Site Setup](#) area. Become familiar with Plone by getting one of the [Plone books](#), and make sure you look at the available [add-on products](#) and [online documentation](#).

### Quick Start

Some useful hints if you are new to Plone:

- Access key + 4 focuses the LiveSearch field - you can start writing your search terms straight away, and have all your information at your fingertips without leaving the keyboard. For information about how to use access keys in your particular browser, see the [Accessibility page](#).
- Plone will automatically be displayed in the language your browser asks for. If you need more control over languages in Plone, install Plone Language Tool from the [Site Setup](#). If you need to maintain your content in multiple languages, download [LinguaPlone](#).
- Workflow states are color coded if you are logged in, so it is easy to keep track of content security and visibility. Try the Site Map with color coding for a visual security inspection of your site!

## Barco A Vapor - TSS Earnslaw

Navegar por las calmas aguas del Lago Wakatipu a bordo del TSS Earnslaw, un barco a vapor del año 1912, que sigue funcionando como en aquellos años. Es una experiencia inolvidable.

Nota: Estará en mantenimiento del 17 de Mayo al 2 de Julio 2006

<b>I</b> Producto	<b>\$</b> Costo	<b>⌚</b> Duracion
TSS Earnslaw	\$37 adultos \$15 niños	1 hora 35 min
Idioma:	Inglés	
Salida:	10am, 12horas, 2pm, 4pm, 6pm, 8pm	

## River Surfing

Una novedad que te ofrecen sus mismos creadores desde 1989. Te ofrecen surfear diferentes partes del rio Wakarau, buscando las mejores corrientes del día. Decidite por surfear los rios, saltar rocas, y desafiar los rápidos del Wakarau!!

<b>I</b> Producto	<b>\$</b> Costo	<b>⌚</b> Duracion
River Surfing	\$139 \$139	4 horas
Idioma:	Inglés	
Salida:	9am, 2pm	

## Canyoning

Si creiste que habias vivido todas las experiencias posibles dentro del agua, podemos asegurarte que te faltó una.... pensaste en deslizarte por los correntoos tubos de un rio, sumergirte en sus piletas como en las peliculas...? Pues aquí tienes todo eso... Prepárate a canyoning!!!

# The Open Planning Project

[log in](#) [join](#)[view](#)[edit](#)

## Welcome to OpenPlans!

last modified 2007-03-22 11:09

OpenPlans aims to transform social activism by providing tools that connect people and enable them to share ideas, stay organized, and act collectively to effect change.

Whether you are advocating for public space or working towards better schools, we hope you use OpenPlans to make your community a better place. Our tools help you [create](#) or [contribute](#) to web sites, [share files](#), upload photos, [manage mailing lists](#), and (soon!) manage to-do lists. OpenPlans is collaborative software so most [pages are editable](#). It takes just seconds to [register](#) and, once you [log in](#), you can [start your own project](#) or [contribute to an existing one](#).

### About us

OpenPlans is the work of [The Open Planning Project](#), a New York

City-based non-profit organization dedicated to using technology to enhance community participation. In addition to OpenPlans, we also sponsor [GeoServer](#), an open source platform for sharing geographic information, and the [New York City Streets Renaissance Campaign](#),

which advocates for lively public space in New York City.

### Get started

[Find a project](#) or [start your own](#).

### Learn more

We are here for you. If you could use some help, don't hesitate to email [help@openplans.org](mailto:help@openplans.org) or visit the [OpenPlans Help and Documentation](#) project. If you have technical knowledge and want to get involved, visit the [OpenCore Software](#) project for more information.

### Pardon our dust...

OpenPlans is a work in progress. We are currently building new tools that make effecting change easier. If you have suggestions or needs that we aren't meeting, please email us at [help@openplans.org](mailto:help@openplans.org).

# The Open Planning Project

[log in](#) [join](#)

## Projects

OpenPlans is all about projects. We want to add categories to help you find what you are looking for.

### Transportation

- [Car Free Central Park](#)
- [Cadman Park Plaza - Parking Lot](#)
- [Lafayette Street Bike Lane](#)
- [NYC Streets Renaissance Campaign](#)
- [Park and Ride](#)
- [Willoughby Adams Pedestrian Plaza](#)

### Community

- [Pawtucket Clean Up](#)
- [Grand Army Plaza Reclamation](#)
- [Campaign for Community-Based Planning](#)
- [Liz Christie Community Garden](#)
- [Mark Lanes](#)
- [West Virginia Broadband Initiative](#)

### Conference, Organization, and Event Planning

- [Brownstone Brooklyn Community Forum](#)
- [Where We Are](#)
- [NYC Streets Renaissance exhibit](#)
- [Plone Marketing](#)

## BBQ Sprint

last modified 2007-03-27 11:12

**Zope 3/Plone 3/Python web BBQ Sprint 2007, following Camp 5 (Zope 3 Boot Camp), and featuring a genuine Eastern NC Pig Picking and Chapel Hill rock bands!**

### What

The BBQ sprint was a tremendously successful python web technology sprint after the [Camp 5](#), a four-day Zope 3 boot camp. Camp 5 was led by Philipp von Weitershausen, author of Web Component Development with Zope 3. The BBQ sprint followed this training. It lasted four days, from March 14 - 17.

TriZPUG volunteers ran a state-of-the-art remote conferencing platform. This allowed [remote sprinters](#) to watch [lightening talks](#) and Philip's excellent [grok tutorial](#) and live coding development of [NudgeNudge](#).

Outside of sprinting, sprinter enjoyed lots of Chapel Hill's [great restaurants and bars](#), rich [music scene](#), Chris C's [zpug bof+](#), and a session of [pintification](#). We all enjoyed [mistreating jorgen](#).

### Continuity

What happens now? Lot of work occurred at the sprint. These pages exist for participants to let those following in their footsteps (including themselves) to pick up the track.

## Sharing for "News"

**Info**

You are adjusting the sharing privileges for a default view in a container. To adjust them for the entire container, [go here](#).

**You can control who can view and edit your item using the list below.**

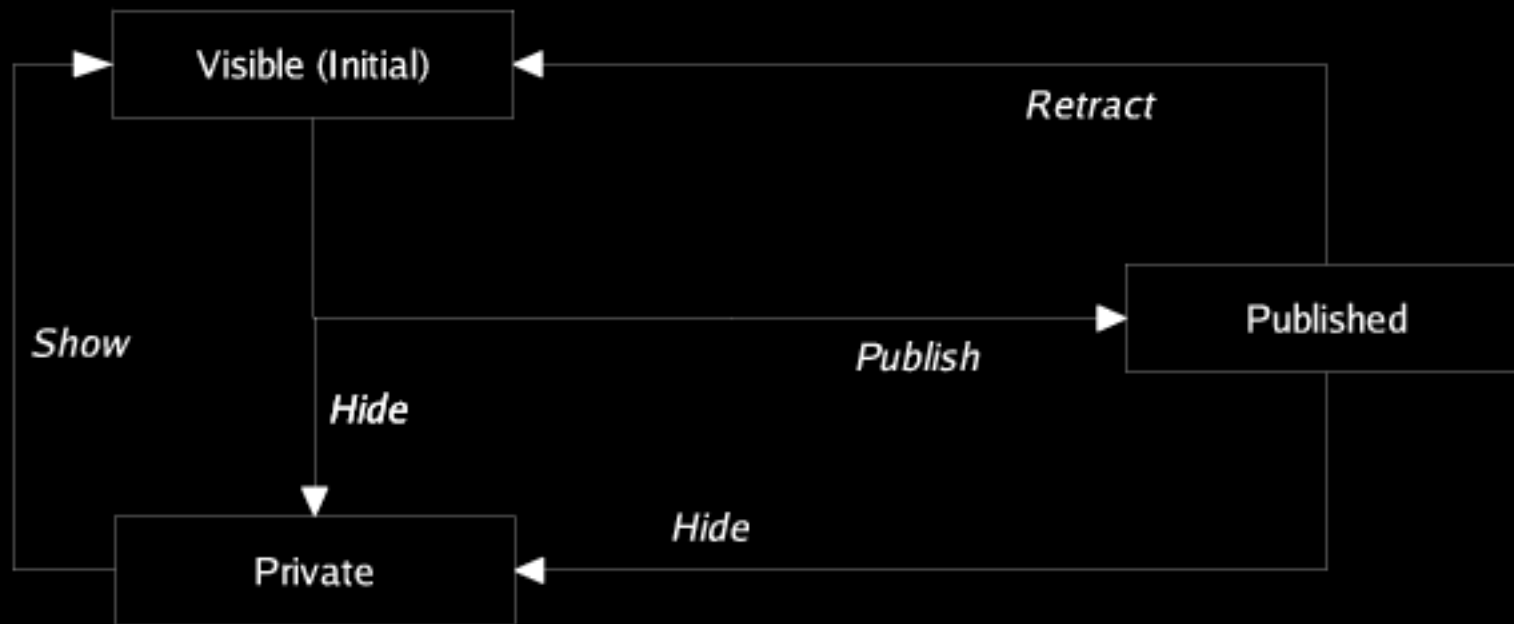

| User/Group▲                                                                                       | Can add                  | Can edit                 | Can view                 | Can review               |
|---------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
|  Logged-in users | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

**Inherit permissions from higher levels**

By default, permissions from the container of this item are inherited. If you disable this, only the explicitly defined sharing permissions will be valid. In the overview, the symbol  indicates an inherited value. Similarly, the symbol  indicates a global role. These are managed by a site administrator via the Plone Site Settings.

## Belgian Communes jointly opt for Open Source Software

by [Gauthier Bastien](#) — last modified 07-03-2007 17:27

**12 Belgian communes (French and Dutch speaking) and 2 French Mairies participate in the CommunesPlone project. In doing so, they aim to gain independence from IT services providers by developing, essentially by themselves and in a cooperative manner, applications and websites for their own use as well as for their citizens'. CommunesPlone's strategy mainly rests on two renowned multiplatform Open Source tools: [Zope](#) and [Plone](#).**

Zope, the application server, includes basic modules such as access management and security, as well as a workflow system, a web server, a database, etc. For the needs of his own project, a developer using Zope can utilise pre-developed modules that have been proofed by numerous users throughout the world. Plone is a content management system which allows people with no or limited technical knowledge to provide with content a tool interfaced in web mode, enabling them, for instance, to update the content of a website.

Apart from a greater independence from IT service providers, CommunesPlone's expected benefits are: to enhance the applications' consistency with the users' needs; to promote collaborative websites (managed by communal services, associations and businesses); to promote both the independence and the proficiency of the Communes' internal IT staff; to use the most recent technologies while avoiding licence fees; to ensure publication of sources with General Public License (GPL).

Until now, CommunesPlone has generated concrete and usable tools such as a module to order administrative documents on the Internet, a business directory and Communal websites (e.g [www.seneffe.be](http://www.seneffe.be)). Other tools are being currently developed including a certification module (through the eID card) and a documentary management tool. CommunesPlone is supported by the [Union of \(Walloon\) Cities and Municipalities](#), which takes actively part in development.

## Projet collaboratif inter-communes

Par [admin](#) — Dernière modification 07/03/2007 17:27

Le projet CommunesPlone a pour objectif le développement d'applications informatiques par et pour les communes et CPAS en utilisant deux outils libres largement répandus: **Zope** et **Plone**.

Il regroupe des communes belges et françaises désireuses de faire évoluer leur utilisation informatique dans le cadre d'une **plus grande indépendance** et d'une meilleure maîtrise. Elles travaillent de manière collaborative, dans un esprit d'entraide et de partage.

Le projet CommunesPlone est soutenu par l'Union des Villes et Communes de Wallonie (UVCW), qui contribue aux développements.

Les éléments suivants sont à la base du projet:

- Favoriser l'adéquation des outils métiers aux besoins fonctionnels des utilisateurs
- Favoriser la mise en ligne de sites Internet collaboratifs (gérés au sein des services, par les associations, les commerçants,...)
- Promouvoir l'indépendance des communes vis-à-vis des fournisseurs informatiques
- Développer une plus grande indépendance des informaticiens communaux
- Utiliser les technologies les plus récentes
- Eviter les frais de licence
- Garantir la publication des sources (licence de type GPL)

[Vous pouvez retrouver ici une description des outils utilisés par les développeurs](#)

## Inter-gemeentelijk samenwerkingsprojekt

door [Gauthier Bastien](#) — Laatst gewijzigd: 07-03-2007 17:27

Het projekt communesplone heeft als objectief : de ontwikkeling van informaticatoepassingen dóór en vóór de gemeenten en ocmw's en dit door middel van het gebruik van twee open source instrumenten die wijd verspreid zijn, namelijk [Zope](#) en [Plone](#).

Zij groepeert Waalse en Vlaamse [gemeenten](#) die hun informaticagebruik wensen te laten evolueren naar een grotere onafhankelijkheid en een betere beheersbaarheid. Zij werken samen in een geest van collegialiteit, wederzijdse hulp en kennisuitwisseling.

Het projekt communesplone wordt ondersteund door de Vereniging van Waalse steden en gemeenten ([UVCW](#)), die bijdraagt aan de ontwikkelingen.

De volgende elementen liggen aan de basis van het projekt :

1. het stimuleren van de aanpassingen van de professionele instrumenten aan de functionele behoeften van de gebruikers
2. het stimuleren van het online brengen van websites die samenwerken (beheerd in de schoot van de diensten, door de verenigingen, de handelaars, ...)
3. ontwikkelen van de onafhankelijkheid van de gemeenten tegenover hun informaticaleveranciers
4. ontwikkelen van een grotere onafhankelijkheid van de gemeentelijke informatici
5. het gebruik van de meest recente technologieen
6. het vermijden van licentiekosten
7. het garanderen van de publicatie van de broncodes (licenties van het type GPL)

[Meer informatie over CommunesPlone in dit artikel, gepubliceerd in Citizen E](#), met de vriendelijke toelating van M. Dechamps, Hoofdredacteur [fdechamps@skynet.be](mailto:fdechamps@skynet.be)

## Municipios belgas eligen conjuntamente Software Libre

por [Gauthier Bastien](#) — Última modificación 07/03/2007 17:27

**12 Comunas belgas y 2 Mairies francesas participan en el proyecto CommunesPlone. La iniciativa tiene como objetivo ganar independencia de proveedores IT desarrollando ellos mismos y de forma cooperativa, aplicaciones y sitios web para su propio uso y el de sus ciudadanos. CommunesPlone está desarrollado sobre dos renombradas herramientas libres: [Zope](#) y [Plone](#)**

El servidor de aplicaciones Zope incluye módulos elementales como administración de acceso y seguridad, sistema de flujos de trabajo (workflows), servidor web, base de datos, etc. Un desarrollador que usa Zope puede utilizar módulos pre-desarrollados, que han sidos probados por un gran número de usuarios alrededor del mundo, para las necesidades de su propio proyecto. Plone es un Sistema de Administración de Contenidos (CMS) que permite a gente con conocimientos técnicos nulos o limitados, editar y actualizar el contenido de un sitio web por medio de una interfaz web.

Además de la independencia de proveedores de servicios IT, los beneficios esperados de CommunesPlone son: mejorar la consistencia de las aplicaciones para con las necesidades de los usuarios, promover sitios webs colaborativos (administrados por servicios comunales, asociaciones y negocios), promover la independencia y las habilidades de los equipos IT de las comunas, usar las tecnologías más recientes y evitar pagos de licencias, asegurar la publicación de código fuente con Licencia General Pública (GPL).

Hasta ahora, CommunesPlone, ha generado herramientas tales como un módulo para ordenar documentos en Internet, directorio de negocios y sitios web comunales (por ejemplo [www.seneffe.be](http://www.seneffe.be)). Y otras herramientas que están siendo desarrolladas, incluyendo un módulo de certificación usando la tarjeta eID, herramientas administrativas de documentaciones, etc. CommunesPlone posee el apoyo de la [Unión de Ciudades y Municipios de Valonia](#), la cual forma parte como un miembro activo del proyecto.

### Titre

Projet collaboratif inter-communes

### Description

Une brève description du contenu

### Corps du texte

Le projet CommunesPlone a pour objectif le développement d'applications informatiques par et pour les communes et CPAS en utilisant deux outils libres largement répandus: [Zope](#) et [Plone](#).

Il regroupe des [communes](#) belges et françaises désireuses de faire évoluer leur utilisation informatique dans le cadre d'une **plus grande indépendance** et d'une meilleure maîtrise. Elles travaillent de manière collaborative, dans un esprit d'entraide et de partage.

Le projet CommunesPlone est soutenu par l'Union des Villes et Communes de Wallonie ([UVCW](#)), qui contribue aux développements.

Les éléments suivants sont à la base du projet:

- Favoriser l'adéquation des outils métiers aux besoins fonctionnels des utilisateurs
- Favoriser la mise en ligne de sites Internet collaboratifs (gérés au sein des services, par les associations, les commerçants,...)
- Promouvoir l'indépendance des communes vis-à-vis des fournisseurs informatiques
- Développer une plus grande indépendance des informaticiens

## Sharing for "News"

**Info** You are adjusting the sharing privileges for a default view in a container. To adjust them for the entire container, [go here](#).

**You can control who can view and edit your item using the list below.**

Search for user or group

| User/Group▲                                                                                       | Can add                  | Can edit                 | Can view                 | Can review               |
|---------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
|  Logged-in users | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

**Inherit permissions from higher levels**

By default, permissions from the container of this item are inherited. If you disable this, only the explicitly defined sharing permissions will be valid. In the overview, the symbol  indicates an inherited value. Similarly, the symbol  indicates a global role. These are managed by a site administrator via the Plone Site Settings.

- Pioneira na implantação do Portal Modelo
- Produção com o portal em desenvolvimento

The screenshot displays the official website of the Câmara Municipal de Catanduva, Estado de São Paulo. The page features a header with the city's logo and name, a search bar, and a navigation menu. The main content area is divided into several sections: 'História', 'A Câmara', 'Processo Legislativo', 'Legislação', 'Contabilidade', 'Licitações', 'Prestação de Contas', 'Agenda de Eventos', 'Fóruns', and 'Webmail'. A prominent article titled 'Acertando os ponteiros' discusses the adoption of OpenOffice.org to reduce costs, highlighting a saving of R\$ 2,556.76. Other news items include 'Promulgadas leis de autoria do Vereador Marcos Crippa', 'Telefone para reclamação nas contas de água', 'Crippa solicita reforma em Cemitério da Vila Celso', and 'Câmara solicita opções de desconto para IPTU'. A sidebar on the right contains a calendar for April 2007, a search bar, and a 'Boletim Eletrônico' section. The footer includes logos for the Senado Federal, Interlegis, and Câmara dos Deputados, along with contact information for the Coordenação de Informática e Tecnologia.

# Câmara Municipal de Apucarana - PR

- Segunda Casa a implantar

The screenshot displays the official website of the Câmara Municipal de Apucarana, Paraná. The page features a header with the municipal coat of arms and logo, a search bar, and a navigation menu. The main content area is divided into several sections:

- Vereadores**: A list of council members with links to their profiles.
- Sessões AO VIVO**: A section for live streaming of council sessions.
- Ordem do Dia**: A list of items to be discussed in the next session.
- História**: A section detailing the history of the municipality.
- A Câmara**: A section providing general information about the council.
- Agenda**: A calendar of upcoming events and meetings.
- Legislação**: A section for laws and resolutions.
- Contas Pública**: A section for public accounts and financial reports.
- SAPL**: A section for the Sistema de Arrecadação Proprietária de Logradouros (SAPL).
- WEBMAIL**: A section for electronic mail services.

The main news section, titled "Prestando Contas", features a photograph of a council member, João Carlos de Oliveira, receiving a certificate of honor. The text states that he received the title of "Cidadão Honorário" (Honorary Citizen) of Apucarana on September 11, 2006, in recognition of his contributions to the municipality. Other news items include the approval of a law by the state legislature, the approval of a law by the state legislature, and the approval of a law by the state legislature.

The page also includes a calendar for the month of September 2006, a section for "Últimas Notícias" (Latest News), and a section for "Tempo" (Weather) in Apucarana-PR, showing a high of 33°C and a low of 18°C. There are also sections for "Utilidades" (Utilities) and "Mais..." (More...).

# Câmara Municipal de Mossoró - RN

- Implantado pelo Interlegis através do PPM (Projeto Piloto de Modernização)

The screenshot shows the website of the Câmara Municipal de Mossoró - RN. The main headline is "Júnior Escóssia nega pré-candidatura a vice-prefeito". The article text states: "Cogitado para companhia de chapa da prefeita Fafá Rosado (DEM) nas eleições de 2008, o presidente da Câmara Municipal de Mossoró, Júnior Escóssia (DEM), nega pretensões de ser candidato a vice-prefeito e afirma que disputará reeleição no próximo ano. Ele se diz honrado com menções a seu nome para compor a chapa majoritária, mas esclarece que sua prioridade é permanecer na Câmara Municipal. "Sou candidato à reeleição", assegura.

Other news items visible include: "Veradores querem solução para ruas escuras", "Osnião quer implantação de Lei Seca em Mossoró", "Aluizio diz que vice de Fafá deve sair da Câmara Municipal", "Eleitores continuam em débito com Justiça Eleitoral", and "Poluição do Rio Mossoró em debate na Câmara".

Casos de Uso

# Câmara Municipal de Unaí - MG

The screenshot shows the website for the Câmara Municipal de Unaí - MG. The header features the city's coat of arms on the left, the title "CÂMARA MUNICIPAL DE UNAÍ-MG" in large letters, and a search bar on the right. Below the header is a navigation menu with links: "Página Inicial", "Ouvidoria", "Fale com a Câmara", "Mapa do Site", and "Acessar".

The main content area is divided into three columns:

- Left Column (Navigation Menu):** A vertical list of blue buttons for "História", "A Câmara", "Leis", "Legislação para Concursos do Município", "SAPL", "Licitações", "Contabilidade", "Fóruns", "Informativo", "Vídeos e Áudio", "PROCON/InternetPopular", "Cidadãos Homenageados", and "WebMail".
- Middle Column:** Titled "Página Inicial", it features a section for "Informativo Semanal" with a sub-header "Balauço Orçamentário". Below this is the coat of arms of Unaí and a text block commemorating the month of April, mentioning the discovery of Brazil and the death of Tancredo Neves.
- Right Column:** Contains a calendar for April 2007, a section for "Enquetes" (Surveys) with a question about a legislative program, and radio buttons for "sim", "não", and "às vezes", along with a "Votar" button.

## Software libre

*Este artículo se refiere al "free software", tal y como está definido por la FSF. Para software gratis, véase Freeware.*

**Software libre** (en inglés *free software*) es la denominación del **software** que, una vez obtenido, puede ser usado, copiado, estudiado, modificado y redistribuido libremente. Según la *Free Software Foundation*, el software libre se refiere a la **libertad** de los usuarios para ejecutar, copiar, distribuir, estudiar, cambiar y mejorar el **software**; de modo más preciso, se refiere a **cuatro libertades de los usuarios del software**: la libertad de usar el programa, con cualquier propósito; de estudiar el funcionamiento del programa, y adaptarlo a las necesidades; de distribuir copias, con lo que puede ayudar a otros; de mejorar el programa y hacer públicas las mejoras, de modo que toda la comunidad se beneficie (para la segunda y última libertad mencionadas, el acceso al **código fuente** es un requisito previo).<sup>1</sup>

El software libre suele estar disponible gratuitamente, o a precio del coste de la distribución a través de otros medios; sin embargo no es obligatorio que sea así, por lo no hay que asociar software libre a "software gratuito" (denominado usualmente **freeware**), va que.

# PloneGov.ch

The screenshot shows the PloneGov Portal interface. At the top left is the PloneGov logo and the word "Portal". On the right, there are navigation links for "admin", "Undo", "Site Setup", and "Log out", along with a search box. Below the navigation is a menu with "Repository", "Kontakte", "Journal", and "About PloneGov". The "Journal" tab is selected. The main content area is titled "Journal" and includes a filter bar with options: "Dossiers", "Dokumente", "Aufgaben", "Termine und Ereignisse", "Kontakte", and "alle". Below the filter is a pagination bar showing "[1] 2 3 4 ... 25" and a "Next 20 items >>" link. The main part of the page is a table with the following columns: "Titel", "Datum", "Autor", "Status", and a set of action icons (info, edit, delete). The table lists various items, including "incident", "Mi dossier", "Willkommen bei PloneGov", "Members", "News", "Events", "Past Events", "Kontakte", "Kontakte", "Journal", "Vorlagen", "Privatpersonen", "Organisationen", "protocol-contents", "default", "Kontakte", "Aufgaben", and "Dossiers".

**OPORTUNIDADES**

# Reusabilidad de soluciones

(reusar es aun mejor que compartir)

# Cooperación internacional con organizaciones gubernamentales similares

(agencias, secretarías, municipios, legislaturas)

# Financiamiento

PloneGov trabaja para financiar un proyecto internacional

**soporte de la comunidad y  
los sectores involucrados en esta**

**marco institucional de cooperacion mediante convenios**  
**marco**

**Me interesa!**

## Como unirse a PloneGov

1. Probar la tecnología
2. Convertirse en usuario
3. Contactar a los organizadores del proyecto, presentar tus problemas
4. Recibir soporte de la comunidad
5. Contribuir o publicar lo que se genere con GPL y se es miembro del proyecto
